AMENDMENT REQUESTING CORRECTION OF INVENTORSHIP
UNDER RULE 1.48(b)

The Honorable Assistant Commissioner
for Patents
Washington, D.C. 20231

Sir:

Prosecution of the subject application has resulted in the amendment or cancellation of claims, so that fewer than all of the currently named inventors are the actual inventors of the invention now being claimed in the subject application.

Thus, applicants, through their under-signed representative, request that the inventorship of the subject application be amended by deleting Edward P. Gamson as one of the inventors named in the application. Mr. Gamson's invention is no longer being claimed in this application.
